KERBSIDE COLLECTIONS 4 DAYS A WEEK.

Raglan is growing, more people, equals more waste.

Xtreme's Kerbside collections team have been awesome keeping up with the increase in Raglan residents, visitors and holiday makers, often not finishing until well into the late evening.

Moving the collections to four mornings per week will release some of the pressure off our team, be safer during collections, and give the staff time to process the recyclables.

The new collection days will be:
Tuesday, Wednesday, Thursdays and Fridays
– **NO COLLECTIONS ON MONDAYS**

This is how it works:

- Raglan is split into 4 main areas.
- Each area is given a colour and a name e.g. Green (Kākāriki area).
- Each area is collected from on a certain day.

Please check your new collection day on the map, or find your day on the alphabetical Raglan Street list. You will also receive a pamphlet in your letter box.

The new collections will begin on **Tuesday 13th November, in the Green Zone (Kākāriki area).**

Please have your recycling, foodwaste bin and pre-paid bags out by **8.00am** on your collection day.
